Dear Mr MacKay

BUCHAN FOREST DISTRICT (BENNACHIE) FISHINGS: AFFORSK POND.

Further to the above, I have now been instructed to arrange (at long last) the proposed lease of the above fishings. A proposed draft, which follows closely the one previously sent to you, is enclosed herewith.

The two principal differences are:-

1. That the Conservator prefers that such leases be in the name of an individual rather than an organisation, and I hope that you will agree that your name should appear on it. If you agree the terms, might we please have a note of your middle Christian name?
2. As you will know from our conversation previously, we find that we cannot now guarantee that the damn will not continue to leak in the future, and we are including a clause (on the terms discussed) in respect of this contingency.

On the question of access, you will note that we are granting access via the Lavenie road, etc but should you wish to reach the pond via Afforsk Farm you would be free to do so, provided that you made your own arrangements with the owner.

If you approve of this, I should be pleased if you would also suggest a commencement date, and I look forward to hearing from you so that I may instruct the Conservancy Office.

Yours sincerely

H C Cooke
