Dear Mr Davidson

Further to our conversation earlier this month, I have forwarded to the Conservator a summary of the points discussed.

You will no doubt recall that one of our main concerns is that of Third Party liability, and I understood that you were to let me have a sight of the Baillies' insurance policy, or to forward me a photo-copy of it for our information. As I have not heard further from you, I look forward to receiving this in due course.

Yours sincerely
