Dear Cnclr Millar

Area Boundaries

At the meeting of the Bailies' Council on the 22nd November, the inclusion of the Mither Tap and the southern slopes of Bennachie in the Marr Area was discussed.

It was agreed that this irregularity of the boundary between the Garioch and Marr Areas causes difficulties for organisations, such as the Bailies of Bennachie, in negotiating and corresponding with two Area Committees. Bennachie is an obvious single entity so that any planning and development would benefit if only one Area Committee was involved in decision making.

The Council of the Bailies would strongly recommend that Bennachie be included in the Garioch Area of Aberdeenshire, and hope you will be able to support this boundary alteration.

Yours sincerely

Dr Geoffrey M. Gill
Clerk to the Bailies
