They Made It!

ON Wednesday last, Banff and District Round Table decided to pay tribute in their own small way to the 25th anniversary of the climbing of Everest.

They were met by their guide Dr Daniel Gordon, a senior Baillie of Bennachie, who, after making sure that all the Tablers were roped together, proceeded to pull them up the slopes of Bennachie.

The Tablers had a very enjoyable time, thanks to Dr Gordon and the Table pack-horse (Harry Mantell), who carried the refreshments.

Dear Dr Gordon,

I thought you might be interested to see the above cutting from this week's Banffshire Journal glorifying our recent feats on Bennachie!

Once again many thanks for joining us and good luck with the weather on the day of the Annual Rally.

Yours sincerely,

Harry Mantell
